Introduction

Willemse Technical Solutions collects and uses personal data. By Willemse Technical Solutions we also mean the trade names, websites and other parts of its organisation connected to it that outwardly form one whole. The personal data we process may relate to different persons. This includes, for example, customers, potential customers, suppliers and others with whom Willemse Technical Solutions comes into contact. In this privacy statement we explain, among other things, for which purposes we collect and use personal data and how long we retain personal data.

We will first state what applies to all persons whose data Willemse Technical Solutions processes. This is regardless of the relationship we have with you. We will also state which rights you have under privacy legislation.

At the bottom of this page there is an overview of the different relationships that Willemse Technical Solutions distinguishes. You can check here which relationship you have with us and which information applies to you in that case.

For all persons whose personal data we process, the following applies:

We process part of our data in our own systems and also use external Dutch service providers, including for hosting, e-mail, website management, storage, security and other supporting services. For that reason, we may pass personal data to these parties, insofar as this is necessary for our activities and services.

You are not obliged to provide your personal data to Willemse Technical Solutions. However, if you provide us with no or insufficient personal data, it is possible that we cannot perform the activities and services referred to in this privacy statement. In most cases, providing the data is therefore necessary in order to perform these activities or services.

Your rights

You have the right to ask us to inspect your own personal data. If there is reason to do so, you can also ask us to supplement your personal data or to correct inaccuracies. In addition, you have the right to ask us to delete your personal data or to restrict the use of your personal data. You can also object to our collection and use of your data or file a complaint with the Dutch Data Protection Authority. Finally, you can ask us to obtain your personal data or transfer that data to another party.

To exercise your rights, you can contact Willemse Technical Solutions, Overeind 58a, 3998 JB Schalkwijk, or via info@willemse-ts.com. You can of course also contact us with questions or for more information about the collection and use of your personal data.
